Wall Street was in the midst of a raging bull market, and freshly minted millionaires were being spit out a dime a dozen. Money was cheap, and a guy named Michael Milken had invented something called "junk bonds," which had changed the way corporate America went about its business. It was a time of unbridled greed, a time of wanton excess. Wed, 07 Nov 2018 09:12:00 GMT The Wolf of Wall Street - coolschool - As the new century dawned, Wall Street was a game and the stock market was fixed. Ordinary investors were fleeced by big institutions that manipulated the markets to their own advantage and they had no comeback. The Game in Wall Street shows the ways that the titans of

rampant capitalism operated to make money from any source they could control. Their accumulated funds gave the titans enormous power over the market, and allowed them to ensure they won the game.
